

Three notes pertaining to the registration listing:

- 1) I'd like to apologize for the length of time between registration posting dates. I typically try to post the new list by the 5th of each month, but notice as I post this current list that it has been 2 months.
- 2) Due to the fees associated with making changes to registration without our online registration provider any transfers (from one event to another) will not be reflected until the final download and manual update of the form.
- 3) See footnotes at bottom listing

\* All unfilled Half "Qualifier" slots will convert to Half "General Entry", Full, and AQB slots as of 7/16.  
If the event you want to register for has reached it's limit, check back on 07/16 to assess available slots.

\*\* Redman Triathlon self-imposes a limit of 1000 athletes per day of racing.  
There is no specific number of athletes that constitute an event on Sunday's schedule,  
instead the thousand athletes as they register will decide the number of athletes in that event.
